

VISIT | Kanazawa

4DAYS 3NIGHTS

Traditional Japan

From ancient times, there have been traditional crafts closely associated with specific regions in Japan and handed down through generations in those areas. For those looking to discover a traditional side of Japan, one of the best ways to do so is to visit a crafts studio and meeting the artisans who have kept the traditional methods. This tour presented by JTB features a stay at KAYOTEI, a traditional inn that symbolizes Japan in its natural setting and hospitality, and a visit to a studio specializing in Yamanaka lacquerware. At the studio, you will meet the artisans who practice and perfected the local woodturning lathe techniques as well as learn about the traditional craft from them directly. 5% of the income from the tour will be donated to a charity that promotes the development of traditional crafts.
